PRIVATE LESSONS

We are very fortunate in Green Local to have a private lesson program! We are continuing this program after a many year absence and are thrilled your student is interested.

Private lessons allow your child the opportunity to work with a teacher who specializes in performance on their instrument. Private lessons can help the student who is struggling to catch up, and can challenge the student who is eager to learn more. Students who take private lessons get more out of their band experience, and gain more pride and confidence in their abilities on their instrument.

Private lessons at a music store range in price from \$20-30 per half hour lesson. If you travel to an area professional or college professor, you could pay \$40-\$50. The teachers we bring into the school are background checked through the school system. Teachers will travel to the school and teach during your student's band class time, usually 20-25 minutes a lesson. Most teachers will charge \$10 for that lesson, however understand neither the school nor the music staff have any say in what the teachers charge. These teachers have been carefully selected by the music staff as competent teachers and performers on their instruments.

If you would like your child to take advantage of this fantastic opportunity, please fill out the information below, and we will have the private lesson teacher contact you to schedule your child for lessons.

We realize that lesson times during the school day are often most convenient, but if your child is able to take an after-school or evening lesson time, please indicate that below. For some students it is not an option to stay after or return to school, due to parent work schedules. Please indicate all times that your child is available for lessons. Lesson days will be dependent on the schedule of the individual teacher. Because most of these teachers can only come one day per week, lessons will be offered on a first-come first-serve basis (who turns in their lesson form first).

LESSON CONSENT FORM

I give permission for my child to participate in the Private Lesson Program. I understand that there is a weekly fee of approximately \$10, to be paid directly to the private teacher. The private teacher reserves the right to cancel a student's lesson if s/he is not paid regularly and not maintaining satisfactory progress. I give permission for the music staff to give my name and contact information to the appropriate private teacher for my child.
